 - 10+ Appointments: 28,000 COP per appointment
- Bonus structure subject to change, but not retroactively.

Perfect Attendance Bonus

Great attendance helps our company by:

1. Preventing teammate burnout.
2. Serving customers better.
3. Making staffing easier for Team Leads.

As a Global Team Member, you will earn a 290,000 COP Perfect Attendance Bonus each full month you have perfect attendance, paid with the first check of the following month.

Requirements:

- You must be employed for the entire calendar month.
- If you miss any days without notice, you will not receive the attendance bonus.
- If you miss more than 2 days **with** notice, you lose the bonus for that month.
- If you miss 4 or more days in a month **with** notice, you lose the bonus for the next month as well.

This bonus rewards exceptionally dependable employees. Internet issues and last-minute emergencies (up to 3 days per month) are understandable but do not qualify for exceptions.

Our base pay and bonuses are very generous, often 2x market rates, even without this bonus. Don't be discouraged if you miss the Perfect Attendance Bonus occasionally; you can always try again next month.

Technology Bonus

The Tech Bonus of 105,000 COP is provided to help cover technology expenses such as equipment and internet. You will receive this bonus in the third paycheck of every month, but only after you have **completed 30 days of service**.

Every month, once you meet the 30-day requirement, you will continue to receive the Tech Bonus in the third paycheck of that month. ***This bonus is designed to support you with the technology expenses necessary for your work.***

Example:

If you start working in the middle of the month, you must complete a full 30 days before you are eligible for the Tech Bonus. For instance, if you begin employment on June 15, you will become eligible after July 15, and the bonus will be included in the third paycheck you receive after that date.
