

AI/API Pay Plan

- ❖ **Hourly Rate:** ₱265/hr
- ❖ **Overtime Rate:** ₱397.5/hr — Overtime applies to any hours worked beyond 40 hours in a week, which will be paid at the overtime rate.

Financial and spiritual freedom is a big part of what we want you to embrace here at Simple. In order to accomplish this, we offer the following programs:

1. Perfect Attendance Bonus (PAB)

Working every day you are scheduled to work is core to progressing financially. To encourage perfect attendance, we offer a monthly bonus of PHP 5,000 based on the following guidelines:

Work Hours:

- A valid shift worked to be eligible for the bonus is now a minimum of 7 total hours (excluding idle time).

Leave(s):

- Any approved day(s) off will count against PAB eligibility.

Rest Days:

- Regular rest days and company-wide holidays are not counted toward PAB eligibility.

Other Conditions:

- Time tracker violations, such as not following the “English Only” policy, camera/equipment violations, or using non-work-related apps/tools/websites, will affect eligibility.

You do not need to do anything to receive this bonus, it will automatically be added to your paycheck once requirements have been met.

Our base pay and bonuses are very generous, often 2x market rates, even without this bonus. Don't be discouraged if you miss the Perfect Attendance Bonus occasionally; you can always try again next month.

2) Financial Peace University Once you have been employed with us for 3 months, you will be eligible to take classes from Financial Peace University. Your enrollment in these classes is paid for by Simple and you are paid hourly for your class time, so please do enroll! Topics covered include: Saving for Emergencies, Getting Out of Debt, Budgeting, Saving/Investing/Retiring, Getting to a Place Where You Can Give Charitably, and more. You will see many announcements on the company chat thread about class dates and how to enroll.

3) MESA We offer a program which allows you to save for emergencies and gives you a triple match from the company each week. This program is called MESA (Medical and Emergency Savings Account). You are eligible to participate in MESA once you participate in Financial Peace University. You will see many announcements on the company chat thread about enrollment dates and will also receive an email when you complete FPU letting you know that you are eligible for MESA enrollment.

4) Pre-Shift Bible Study The Bible says: *Seek Ye first the kingdom of God and His righteousness and all these things shall be added unto you* (Matthew 6:33). We know that God is the source of all good things in our lives (James 1:17), so we believe that putting God first is the foundation of an abundant life. We welcome you to clock in and join us for our weekly Bible study every Tuesday before work. Team members who attend this study have built an amazing care ministry for orphans in the Philippines. You are eligible to participate in this optional ministry immediately. You will see an announcement on the company chat thread each week with a link to join us.

5) Technology Bonus The Tech Bonus of ₱1,850 is provided to help cover technology expenses such as equipment and the internet. You will receive this bonus in the third paycheck of every month, but only after you have **completed 30 days of service**.

****Every month, once you meet the 30-day requirement, you will continue to receive the Tech Bonus in the third paycheck of that month. *This bonus is designed to support you with the technology expenses necessary for your work.***

Example: If you start working in the middle of the month, you must complete a full 30 days before you are eligible for the Tech Bonus. For instance, if you begin employment on June 15, you will become eligible after July 15, and the bonus will be included in the third paycheck you receive after that date.

Once again, welcome to the Simple family! We pray that this position marks the beginning of your growth—personally, professionally, financially, and spiritually. We're truly glad to have you with us.
