

Hello, and welcome!

We're happy to share one of the benefits we value deeply — the **MESA Program**, or **Medical Emergency Savings Account**.

Why MESA exists

MESA was created to support you and your family during **unexpected emergencies**.

We understand how important it is to care for your loved ones and to have help when sudden needs arise. This program is our way of walking alongside you during difficult moments.

When MESA can be used

MESA may be used for:

- **Medical emergencies** for you or your immediate family
 - *Immediate Family only contains your spouse, as well as your children.*
 - *Please note, even if you are unmarried, your parents and siblings are ineligible for MESA disbursement assistance.*
- **Natural disasters**
- **Necessary computer repairs** that affect your ability to work

These guidelines help ensure the program remains available when it is truly needed.

A strong benefit for your future

Each week, you contribute **100 PHP**, and we contribute **300 PHP**.

That means:

- Your savings grow by **400 PHP every week**
- We are matching your effort **four times over**

This reflects our commitment to your well-being and long-term security.

Important program expectations

To keep MESA fair and sustainable for everyone:

- Requests may be made **once every 90 days**
- Receipts must be submitted **within 14 days**
 - **All** receipts must be valid, and include the merchant's name
- Submission Deadline: All receipts must be submitted within **30 calendar days** of the date the service was provided or the expense was incurred
- Not following these guidelines may result in **temporary removal from the program**

If removal happens, you may **rejoin during the next enrollment period**, which takes place **three times per year following our FPU classes**.

A shared responsibility

MESA is built on **trust, fairness, and mutual support**.

By participating, you help protect this benefit for yourself and your fellow team members.

Closing

If you understand and agree to these guidelines, you may proceed with enrollment.

Thank you for your hard work and dedication. We are grateful to support you and your family when it matters most.
